

# **“Wet ‘N Wild Water Week 1”**

**June 24-28, 2019**

Meet every day at the Emmorton Rec. Center. The bus will be waiting for you. From there, we'll travel daily to different locations throughout the area. We'll learn about the most amazing substance in the universe—water. We'll monitor life found in local streams, play with a water balloon sling-shot, tube and snorkel the Potomac River, crab in the Chesapeake Bay, and go to the famous Guppy Gulch Water Park. You'll want to prepare for our Wet ‘n’ Wild Water War and Beach Party (Hamerman-style). The first day we'll be taking a day trip to gorgeous Killgore Falls/Falling Branch. It only gets better from there. Read the letter/itinerary below to see how to prepare each day.

Dear Wet ‘n’ Wild Water Week Camper,

We will be getting wet and swimming every day. We will need to read and sign off on our Swim Safety Plan. If your child isn’t a swimmer, we have personal floatation devices they can wear if it’s ever over their heads. We also have snorkeling gear, but many kids like to have their own (less than \$20 at WalMart or Target, or try this [link](#).)

Reminder to all parents, for an extra \$50, Mr. Pritchard will include a ride home from camp, if 3:30 is inconvenient in your work day.

\*\*If you think you are up to it, parents are welcome to attend any day, but you may need to drive yourself, if the bus is full. On Wednesday, you'll pay a \$22 (adults), or \$30 (siblings over 9 years old) fee for Guppy Gulch.
